SUMMARY

Frontend Developer specializing in the React ecosystem, with production experience in Next.js and Tailwind CSS. Focused on writing clean, scalable code to enhance performance and user experience. Successfully shipped features in Agile environments, contributing to a 20% improvement in release timing and reducing UI issues by 30% through systematic debugging.

TECHNICAL SKILLS

- **Languages:** JavaScript, TypeScript, PHP, Python, Java
- **Frontend :** React, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap
- **Backend:** Node.js, Express.js, REST APIs
- **Database:** MySQL
- **Version Control:** Git, GitHub
- **IDEs:** VS Code, IntelliJ

WORK EXPERIENCE

Awwaltech Pvt. Ltd

Jul 2025 – Oct 2025

Frontend Developer Intern - Noida (Remote)

- Collaborated with a team of five to develop and ship React features, improving release timing by ~20%.
- Resolved 15–20+ UI bugs across devices, improving stability and reducing issues by 30%. Used online repository for version control and daily stand-up contributions in sprints
- Suggested and implemented 5+ code improvements that reduced component loading time by 15%, while actively resolving merge conflicts to support continuous team deployment.

PROJECTS

Customer Relationship Management System (GitHub)

- Engineered a full-stack CRM platform using PHP, JavaScript, and Bootstrap
- Architected a modular RESTful API to support scalable growth
- Secured system access with JWT authentication & role-based controls (Admin/Employee)
- Built reusable UI components to accelerate front-end development using PHP and Bootstrap 5
- Implemented data isolation for secure multi-admin usage

Personal Portfolio Website (GitHub)

- Developed and deployed a high-performance portfolio using Next.js and Tailwind CSS, achieving 90+ Lighthouse scores
- Engineered dynamic dark/light mode toggle for enhanced user experience and accessibility
- Showcased projects, technical skills, and professional background through optimized responsive design
- Implemented and deployed via Vercel for optimal build performance and fast loading speeds
